

BAN COFFEE TABLE
WALNUT, OAK

IMAGES

COFFEE TBL LG - OAK
PAIRED WITH BAN RECT LG TRAY - OAK

COFFEE TBL LG - WALNUT

COFFEE TBL SM - WALNUT

STYLE

The name ‘Ban’ comes from a Chinese character 板 (Bǎn), for which one meaning is “board,” an essential structural element of the collection. The Ban benches and tables offer a distinct flexibility as both seating and surface. Manufactured in solid wood, the design is rooted in structure and longevity.

Voids created by the joists of the table offer a particular function – a series of trays can be set in to slide along the table surface or rotated to hover above it. These trays form distinct islands along the table surface to serve, store, and steady your objects. Designed in Winnipeg and made thoughtfully by craftspeople in Qingdao, China

The Ban coffee table is available in two sizes – large and small – and in either solid walnut or solid oak.

IMPORTANT INFORMATION

Changes in temperature and humidity may cause cracks to appear on the solid wood but will not compromise the structural integrity of the product

Care: clean with warm damp cloth
