STYLE

RUSTIC FARMHOUSE DESIGN

THE HARVEST TABLE CELEBRATES THE NATURAL VARIATIONS AND BEAUTY OF OAK AND WALNUT

SOLID TOP AND 4 " LEGS CREATE A COMMANDING STRONG TABLE

THE HARVEST TABLE CAN BE PAIRED WITH THE HARVEST BENCH FOR CLASSIC FARMHOUSE SEATING OF WITH A VARIETY OF CHAIRS TO CREATE AN ECLECTIC AESTHETIC

IMPORTANT INFORMATION

Oiling does not protect against spills and stains from regular use - customers should exercise caution when placing food or drink on the surface - as with any wood furniture. If stains do occur, customers can lightly sand the surface and re-oil. Re-oiling the table is required to maintain the resilience and beauty of the oak - re-oiling should take place every six to twelve months. Please use a clear danish, tung or linseed furniture oil.

Walnut care to be added.

Changes in temperature and humidity may cause cracks to appear - but will not compromise the structural integrity of the product.

FEATURES & TECHNICAL INFORMATION

Solid oak finger jointed 1" top

Solid oak finger jointed 4" x 4" rectangular legs.

Oiled finish on oak top and legs does require that customer re-oil the product every six-twelve months.

Walnut tabletop has a sap-wood finish to minimize tone differences.

Solid oak and solid walnut tops will have variations in coloration, pattern and naturally occurring knots.

The tabletop can extend by 18" on each side with the addition of an optional solid finger jointed oak leaf.

Table provides ample seating for 6 people and up to 10 with both leaf extensions.

Assembly is required - to connect legs to top.

Table, bench and leaf are made in China.

HARVEST ENTRYWAY BENCH - 24" + 48"

IMAGES

ADDITIONAL

ENTRYWAY BENCH 24"
Shelf storage clearance – 10.75"
Floor clearance – 7"

ENTRYWAY BENCH 48"
Shelf storage clearance – 10.75"
Floor clearance – 6"

STYLE

THE HARVEST ENTRYWAY BENCH WORKS WITH OUR HARVEST MIRROR AND HARVEST CONSOLE TO CREATE AN ELEGANT ENTRYWAY SOLUTION.

THE SHEET METAL SHELF IS PERFECT FOR STORING SHOES AND HAS AN EASY TO WIPE SURFACE THAT IS GREAT FOR SLUSHY BOOTS AND SHOES - AN INEVITABLE NUISANCE DURING CANADIAN WINTERS.

THE SOLID OAK BENCH IS PERFECT SEATING HEIGHT FOR LACING UP BOOTS AND SHOES.

IMPORTANT INFORMATION

Oiling does not protect against spills and stains from regular use - customers should exercise caution when placing food or drink on the surface - as with any wood furniture. If stains do occur, customers can lightly sand the surface and re-oil. Re-oiling the bench is required to maintain the resilience and beauty of the oak - re-oiling should take place every six to twelve months. Please use a clear danish, tung or linseed furniture oil.

As the oak remains alive, changes in temperature and humidity may cause cracks to appear - but will not compromise the structural integrity of the product.

SPECIFICATIONS

SERIES	SKU	PRODUCT NAME	INCHES W	D	H	POUNDS WEIGHT	CUFT
7050	600-16	HARVEST ENTRYWAY BENCH 24"	24	14	18	40	2.87
7050	601-16	HARVEST ENTRYWAY BENCH 48"	48	14	18	66	5.26

FEATURES & TECHNICAL INFORMATION

Solid finger jointed white oak 1" thick top and 2" x 2" rectangular legs.

Oiled finish on oak top and legs does require that customer re-oil the product every six-twelve months.

Due to the natural characteristics of solid oak tops, top and legs will have variations in coloration, pattern and naturally occurring knots.

1" thick Shelf is constructed of a powder-coated white bent sheet metal that sits on a CARB P2 certified wood composite core that is laminated with white oak veneer.

The particle board core is to add strength to the metal shelf and is not visible.

Metal shelf provides an easy to clean shoe surface.

48" top can hold 365lbs of weight.

24" top can hold 250lbs of weight.

48" shelf can hold 105lbs of weight.

24" shelf can hold 55lbs of weight.

Assembly is required to connect legs to top and shelf.
24" and 48" benches are made in China.

HARVEST ENTRYWAY CONSOLE - 24" + 48"

IMAGES

ADDITIONAL

ENTRYWAY CONSOLE 24"
Shelf storage clearance – 12.5"
Floor clearance – 7"

ENTRYWAY CONSOLE 48"
Shelf storage clearance – 12.5"
Floor clearance – 7"

STYLE

THE HARVEST CONSOLE WORKS WITH OUR HARVEST MIRROR AND HARVEST BENCH TO CREATE AN ELEGANT ENTRYWAY SOLUTION.

THE SOLID FINGER JOINTED OAK CONSTRUCTION LENDS ITSELF WELL TO ANY LIVING ARRANGEMENT AIMED AT CONVEYING RUSTIC OR ECLECTIC SENSIBILITIES.

THE TWO DRAWERS AND LOWER SHELF CREATE BOTH OPEN AND CLOSED STORAGE OPPORTUNITIES

IMPORTANT INFORMATION

Oiling does not protect against spills and stains from regular use - customers should exercise caution when placing food or drink on the surface - as with any wood furniture. If stains do occur, customers can lightly sand the surface and re-oil. Re-oiling the console is required to maintain the resilience and beauty of the oak - re-oiling should take place every six to twelve months. Please use a clear danish, tung or linseed furniture oil.

As the oak remains alive, changes in temperature and humidity may cause cracks to appear - but will not compromise the structural integrity of the product.

SPECIFICATIONS

SERIES	SKU	PRODUCT NAME	INCHES W	D	H	POUNDS WEIGHT	CUFT
7050	602-16	HARVEST ENTRYWAY CONSOLE 24"	24	14	29.5	86	2.87
7050	603-16	HARVEST ENTRYWAY CONSOLE 48"	48	14	29.5	50.7	5.26
DRAWER BOX DIMS			19.5	9	5.5		5.26

FEATURES & TECHNICAL INFORMATION

Solid oak 1"thick top and shelf.
Solid oak 2" x 2" rectangular legs.
Solid finger jointed white oak top, legs, drawer fronts and shelf.

Oiled finish on unit does require that customer re-oil the product every six-twelve months.

Due to the natural characteristics of solid oak tops, shelf and drawer fronts will have variations in coloration, pattern and naturally occurring knots.

Drawer box is constructed from solid paulowina wood with oak veneer laminated CARB P2 certified wood composite drawer bottoms.

Full-extension ball-bearing drawer glides.
Drawers can hold 8lbs of weight.
48" top can hold 300lbs of weight.
24" top can hold 150 lbs of weight.
48" shelf can hold 100lbs of weight.
24" shelf can hold 50lbs of weight.

Assembly is required - drawer slides are pre-installed as are drawers, but this unit does require that the customer build the case unit - unlike many of our other casepieces. Please refer to AI's if there are further questions.
24" and 48" console are made in China.
